YEAR 6 SAT's

This week the Year 6 pupils have been doing their SAT's.

We have been coming to school at 8.20am for our free SAT's breakfast provided by the school.

There have been a series of tests every day in English and Mathematics.

Most people in the class agree that it has been a completely new experience however Declan just said 'no comment!'

Everyone has worked really hard and Miss Hunt said well done to everyone!

FOUNDATION STAGE ONE LOST EQUIPMENT APPEAL

Quite a lot of toys and equipment have gone missing from the FS1(nursery) garden this last weekend and over the Easter break. This means that children are coming into the garden through the metal bars.

The toys and pieces of equipment that have been taken included pieces of fabric to make dens, cars and other vehicles. Also wooden building blocks, plastic construction blocks and figures have been taken.

Could you please keep a look out and let us know if any of these items 'turn up'.

We work hard to provide good equipment for all of our pupils and are sad to think some children think it is okay to take it away.

We would very much value your support and help in this matter.

Mrs S Spence

CONTACT DETAILS

Can parent/carers please ensure we have up to date contact details for your child. There have been occasions lately when children have been feeling poorly and we have been unable to contact anybody as the numbers we have on our system are out of date.

You can ring the school office or send a note into class.

INFINITE VOICES

Stockton Borough Council's Arts Development team have invited our school to take part in a project celebrating music and song in the community. Our children will be learning the songs next week in school time. The event will take place on Saturday 26th May between 6pm and 9pm, which will involve a procession to the Infinity Bridge and culminate in a community sing. We will give you more details about the event next week.

YEAR 5 ORIENTEERING VISIT

On Tuesday 8th May, half of Mrs Pickering's class and half of Miss Gent's class went orienteering at Ian Ramsey School with Mrs Moy and Mrs Pickering. First we had to practise our speed and ability by doing some obstacle courses. After that we played cricket and rounders with Sam and Ben from Ian Ramsey. Later on we met a man who gave us a time key that timed us as we ran around the field, forest and beck while we were orienteering. When we had finished we went back jumping with Mrs Pickering. It was really good fun!

By Aimee & Shaun - Year 5

ATTENDANCE

17/05/12 - 11/05/12

Class	%	Position
Mr Davenport	96.7%	1st
Miss Gent	95%	2nd

THURSDAY 24TH MAY 2 - 3PM

Gill and Christine are available on the above date and time to offer advice and support or if you just fancy a chat over a cup of tea or coffee, they would be delighted to see you.

HOPE TO SEE YOU THERE!

Y1 MFC VISIT

On Monday, Year 1 visited MFC Riverside Stadium. Roary the Lion gave us lots of work to do including some maths and writing. We had a great time meeting Roary, eating our dinner on the terraces and having a tour of the ground. We were all tired on the bus back to school!
