Weekly Topic Activity			Just For Fun!	

Forces and Magnets
Pushes and Pulls

Focus: I can identify the forces acting on objects

This week we start a new science topic of Forces and Magnets. We will learn about forces, friction and magnetic attraction.

Login in Education City and watch the learn screen **Forces of Attraction**. This will explain the forces of push and pull with contact and how magnetic force can act at a distance.

After watching the learn screen list objects around your house that you can move through pushing and pulling.

Den Making

Do you have any spare sheets and cushions? Can you use them to make a den? Let your imagination run wild. Are you camping or keeping warm inside an igloo? Do you have a torch? If so, have a go at making some animal shadows.

Some support if needed. . . .

Fronted Adverbials: Word or phrase at the beginning of a sentence that describes the actions that follows.

Coordinating conjunctions: for, and, nor, but, or, yet, so

Subordinating conjunctions: if, since, as, when, although, while, after, before, until, because

We hope you are all still safe, well and have enjoyed the sunshine last week! Again, have a go at some of the home learning activities, help around the house and enjoy family time! Try to login to TTRS and Education City when you can, I look forward to seeing who has been working hard at home. I hope you enjoy the activities in your work packs and you are using the stationary kits to complete them. If you want to send your work to me, use the email address or keep a paper copy and bring it into school when we go back. Hope to see you all very soon! Keep smiling ☺
