

Mrs Fearn's and Mrs Jones' class - Home Learning - Week beginning 25th May 2020

Hi everyone. We hope that you are all well and being busy bees! Remember, if you have any questions about your work then get in touch. We would love to hear from you x

| | First... | Then... | Challenge! |
|-----------------|---|---|--|
| Reading | Read aloud to an adult or an older brother or sister - every day if you can! | On the Oxford Owl website read their fantastic e-book, " Things that sting " It's free, but you will need to register if you haven't already! | Read more about bees by looking at the National Geographic website . There's also a fact sheet on the next page. |
| Spelling | Practice writing this week's spellings: happy, unhappy, fold, unfold, lucky, unlucky, well, unwell. Remember that un- means not. When added as a prefix it gives the word the opposite meaning. | Now try these spelling games to help you learn your spellings. How many other words can you think of that begin with the un- prefix? | Practice your phonics by visiting the Phonics Play website – there are lots of great games to play for free! |
| Writing | Watch " The Bumblebear ", a great story read by the author, Nadia Shireen. |  <p>Retell the story in your own words. Don't forget capital letters and full stops!</p> | Do you think Norman will carry on dressing up as a bee? Why? What adventures do you think Norman might have next? |
| Maths | This week we will be looking at graphs . Go to your assigned classwork activities on: https://go.educationcity.com/ Your logon is tp and your first name. The password is tilery | Make your own tally chart about minibeasts in your garden or near your home. An idea for how it should look is on the next page. | Now login to Purple Mash and use 2graph to make your own graph. If you can't remember your login use: Username: year1 Password: year 1 |

Please remember to send any feedback or photos of work to parents@tileryprimary.org.uk

**Bet you
didn't
KNOW!**

7 BEE FACTS TO BUZZ ABOUT

① Bees have a special stomach for carrying nectar.

② In summer, a single hive can house up to 80,000 honeybees.
