Reading- 60 Second Read

Rollercoasters

9 The rollercoaster has been a fashionable ride for many
17 years, with one of the first recorded rollercoasters
26 opening in Paris in 1817. Historically, it is believed
35 that the rollercoaster was inspired by sledging on the
43 icy Russian Mountains. The popularity of the coaster
53 did not spread initially. It wasn't until 1884 that the
60 first notable and highly admired rollercoaster was
70 opened in New York, USA, with a runaway train style
80 ride. The coaster ran on wooden tracks and was an
82 instant success.

91 Today, a rollercoaster track can either be a complete
98 circuit or a shuttle-track, allowing the cars —
106 individual or multiple — to run in both directions.
110 Modern rollercoasters are, of
114 course, much faster than
118 the original models and
121 safety standards have
123 notably increased
125 since then.

Help!

10 The trees were like inky giants menacingly looming over
17 the house with twisted, reaching arms. Their decaying
25 leaves rustled loudly and the air smelled damp.

35 Lucy arrived at the door. Her chest tightened. Her eyes
44 widened. She lifted her shaking, clammy hand to knock
55 on the door but before she could touch it, it creaked
56 open...

61 They wouldn't find her here.

70 Slowly edging across the threshold, her heart began to
78 pound. Thoughts were racing wildly around her head
87 as she tentatively peered into the darkness, trying to
98 see if the coast was clear. After moments of silence and
107 stillness, she had reassured herself; judging by the state
116 of the house, nobody had ventured there in years.

117 Relief.

126 Then, from the floors above, a small, almost inaudible
130 voice called, "Help... me..."
