To Rose,

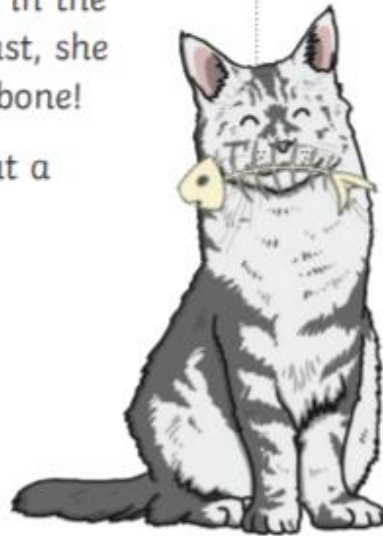

I must tell you all about my cat and her clever nose. She likes to sniff lots of things, like traffic cones, holes in the road and my toes!

Mum said that there was an odd smell. The cat started sniffing all around my home. She smelt under the stove. She smelt my globe. She smelt the remote. She smelt Mum's phone. She smelt the stones in the garden and the garden hose... At last, she found the odd smell. It was a fish bone!

We let her eat fish for a week. What a smart cat!

From,

Shalome xxx
